Mr. McCoy offered the following resolution :

**H. J. R. No. 4**—Mr. McCoy.

Relative to the punishment of William Hohenzollern.

WHEREAS, It is charged by the press of the world, asserted by men of authority in a position to know, and believed by a large majority of the human race, that William Hohenzollern, the former Kaiser and Emperor of Germany, actuated by a lust for world domination, was the instigator and cause of the recent world conflict of arms, which has drenched the fields of Europe in blood; entailed a sacrifice of millions of lives; maimed and crippled for life millions more; laid waste vast areas of cultivated lands with their happy homes; brought woe, want and starvation to multitudes of innocent people; devastated thousands of villages and cities; and with a ruthlessness hitherto unknown has destroyed churches, cathedrals and works of art held sacred for a thousand years; and,

WHEREAS, It is further charged and believed that said William Hohenzollern, disregarding international law has violated solemn treaties made by his government; ordered his generals and soldiers to use brutal and inhuman methods of warfare never before used or known by civilized nations; that he commanded his officers and men to kill and murder defenseless men, women and children; and that during said conflict he advocated such hellish designs and employed such infernal devices of warfare in order to overcome and destroy the cherished democracy of the world as to create himself the arch enemy of mankind and the greatest criminal of all times; and that his damnable acts finally constituted such a menace to the peace of the world that it challenged the sense of justice inherent in the United States, the friend and sponsor of human liberty, and caused her to enter the conflict that she might save and make permanent the cherished principles of republicanism for the human race; and,

WHEREAS, Tentative peace and safety has been obtained at such enormous cost and sacrifice resulting from the alleged acts of one man who in a position of high authority thirsted for world power to satisfy his vaulting ambition; therefore,

*Be it resolved by the General Assembly of the State of Ohio:* That it is the sense of this body that "Punishment of crime must be made certain in order that society may be safe," and that nations may be secure in their rights and liberties, whether the criminal be of high or low degree, whether he be a king or a peasant, a ruler or a slave; that, in the interest of the welfare of the human family and for the future safety of nations, justice demands that William Hohenzollern should be apprehended, such formal charges preferred against him as the evidence warrants, that he be given a fair and impartial trial with

full opportunity for defense, and if found guilty, that he be made to suffer punishment commensurate with his crimes, the same as any other criminal and,

That the secretary of state of Ohio, be instructed to prepare and forward one copy of this resolution to the Speaker of the House of Representatives at Washington, D. C.; one copy to the President of the United States Senate; and one copy to the Department of the Secretary of State with the request that it be transmitted to President Woodrow Wilson at the Peace Conference at Paris, as representing the sentiment of this General Assembly.

Mr. Beetham offered the following resolution:

**H. J. R. No. 15**—Mr. Beetham.

Relative to good roads for Ohio.

The Senate committee in charge of the investigation of labor conditions, asks for four hundred million dollars to prevent idleness by expending it upon public works. The master of industry states that he expects an era of industrial depression in the United States. The secretary of the American Federation of Labor says there will be bread lines in every industrial center before May first; and the statesmen declare "the cloud of unemployment in a few months, may engulf this country." The governors of the various states have expressed a willingness to co-operate in securing work for the unemployed. Governor Cox has said: "I am ready to co-operate with any plan along lines which may be suggested by the federal government."

America needs roads. Ohio needs roads. The United States is paying a penalty of one-half billion dollars a year in the excessive cost of transportation of agricultural products alone because of this neglect of highways. At our present rate of work, two centuries will be required to improve our roads and a lifetime will not witness the improvement of more than twenty per cent. Roads are the life of a nation. Let us have roads. Let us stop working at this task in a "jitney" way. Let us stop working among the stars and get down to where the mud is.

America spends money for water-ways. We built the Panama Canal. The Federal government will spend one billion dollars for railroad improvements this coming year. We spent twenty-five billion dollars to lick the Huns. Why not spend some on ourselves?

Illinois has voted sixty million dollars for roads. New York and Pennsylvania are each spending more than ten million dollars a year on road improvements.

*Be it resolved by the General Assembly of the state of Ohio, First:* That we are for lifting Ohio out of the mud.

Second. That we are willing to co-operate with the United States government on a large plan for road improvement.

Third: That we request the United States government to appropriate one billion dollars to be expended during the next five years on the roads of this country in a manner similar to the present plan for federal aid.

The resolution was laid over under the rule.

Mr. Crabbe offered the following resolution:

**H. J. R. No. 16**—Mr. Crabbe.

Relative to proper recognition of war heroes.

*Be it resolved by the General Assembly of the State of Ohio, That*

WHEREAS, Approximately two hundred and sixty thousand of Ohio's loyal and patriotic sons have been engaged in the world-wide war for democracy; and

WHEREAS, Several thousand of them have made the supreme sacrifice by giving their lives and many more thousands have been maimed and wounded; and

WHEREAS, Within the next few months a large percent of them will have been mustered out of military service and returned to their homes; and

WHEREAS, The state of Ohio has always heretofore appropriately recognized the military and naval services of her sons; wherefore

*Be it resolved, That a committee of six, consisting of three members*

of the House of Representatives be appointed by the speaker and three members of the Senate to be appointed by the president of the Senate, make a survey and report to the General Assembly within thirty days their recommendations as to appropriate legislation to be enacted to properly recognize, honor and reward those citizens of Ohio who have been in the military and naval service during the recent war.

*Be it further resolved*, That said committee on behalf of the General Assembly co-operate with other organizations in a patriotic demonstration in behalf of the Thirty-seventh Division upon its return to Ohio, and in such other similar demonstrations as is our privilege to enjoy.

Mr. Scott submits the following minority report of the standing committee on Judiciary to which was referred **S. J. R. No. 8**—Mr. Kryder, relating to mileage of members of the General Assembly.

The undersigned declines to join in the recommendation of the majority to report out the resolution with recommendation to indefinitely postpone same.

Since the adoption of the constitution of 1851 to the present time, it has been the uniform custom for members of the legislature to receive not only compensation for their services but also such mileage allowance as would enable them to reach the state capitol. In 1906, members were allowed 12c per mile to make round trips to their homes twice a month, and in 1911, the present law was passed allowing members 2c per mile to make trips home once each week.

In my opinion, these mileage allowances should not be construed as compensation or perquisites of the members, but were and are intended to cover actual expense incurred for the express purpose of allowing members to return home each week to ascertain the needs of their constituents in matters of legislation.

For the reasons stated, I believe the increase covered by the resolution is not in the nature of compensation or perquisite and therefore, recommend the adoption of the resolution.

DAVID H. SCOTT.

By unanimous consent Mr. Fouts offered the following resolution:

**H. J. R. No. 18** — Mr. Fouts.

Memorializing the President of the United States, the Congress of the United States and the United States Railroad Administration, relative to the matter of freight rates on materials for public works.

WHEREAS, Many public improvements for which there is an imperative need have been postponed on account of the existence of a state of war between the United States of America and the Imperial German government, and in order that the energies of the people might be directed unreservedly toward the winning of the war; and

WHEREAS, One of the greatest problems confronting the state and nation at the present time is the furnishing of immediate employment to a large amount of idle labor released from other activities by the victorious termination of the war; and

WHEREAS, The national administration has urgently requested the resumption of the construction of public works on a large scale, the Congress of the United States is proposing to appropriate large sums of money for such purpose, the governors of many states have recommended and are engaged in procuring other large appropriations for the same purpose, and minor political sub-divisions are preparing to liberally finance public improvements of great magnitude; and

WHEREAS, In the judgment of the General Assembly of the State of Ohio, the problem of furnishing immediate and profitable employment to idle labor can be best solved by immediately embarking upon the construction of the many much needed public improvements, which has been delayed by war conditions; and

WHEREAS, In the judgment of the General Assembly of the State of Ohio, freight rates on materials designed for use in constructing public works should be immediately reduced, and any increase in the same will defeat its own purposes by forcing a curtailment of shipments, and at the same time, by discouraging the movement for a program of public improvements, render futile all efforts to give employment to idle labor; and

WHEREAS, One of the greatest and most serious obstacles to the immediate resumption of activity in the construction of public work, is the present high freight rates on materials, and, more especially, certain proposed revisions and readjustments of such freight rates, which proposed revisions and readjustments create a situation of uncertainty, making it impossible for engineers to intelligently estimate the cost of public works and making it impossible for contractors to bid thereon; now, therefore,

*Be it resolved by the General Assembly of the State of Ohio,* That the president of the United States, the congress of the United States and the United States Railroad Administration be, and they hereby are memorialized and respectfully but most urgently requested to take such action as will immediately and effectively prevent any upward revision in the freight rates upon materials entering into the construction of public works; and

That, if in the judgment of the proper authorities of the national government charged with the administration of such matters, the employment of idle labor in the construction of public improvements is a matter of importance and, if, in the judgment of such officials, it be not incom-

patible with the general welfare, there be forthwith made a reduction in the freight rates upon all materials transported over the railroads of the United States for use in connection with the construction of any public improvement carried forward by the federal government or any department thereof, or any state, county, township, city, village, school district or other political sub-division, and,

That, upon the passage of this resolution, certified copies thereof be forthwith forwarded by the Secretary of State of the State of Ohio to the President of the United States, the presiding officers and members from Ohio of both branches of the Congress of the United States, and the Director General of railroads.

The resolution was laid over under the rule.

WHEREAS, The Allied powers associated with the United States have subscribed to the fourteen principles enunciated by President Wilson as a basis for a just peace, one of which principles is that the people of all nations forming a separate and distinct race in a particular country have the right of self determination in the creation of the administering power of government within their borders to the end that the power of government may conform to their ideas of justice and freedom, thereby preventing their subjection by governments or peoples foreign to their race and ideals; and

WHEREAS, The Allied powers associated with the United States have given assurance to many of the smaller nations that they will guarantee that such rights of self determination will be provided for in the final treaties or agreements which shall be presented by the peace commissioners to the various powers for signature and ratification by said powers, and

WHEREAS, The people of the State of Ohio believe that the right of self-determination of self-rule ought to and does apply to all nations no matter under whose rule such people are subject, and believing further that the people of Ireland come within the classification of such nations, and believing further that consistent with justice and human-

ity the Irish people are entitled to the same rights as other subject nations; therefore,

*Be it resolved by the Senate of the State of Ohio and the House of Representatives concurring herein,* That the representatives of the people of the United States at the Peace Conference be requested to present said conference the claims of the Irish people to the right of self government, and that they further be requested to exercise their influence to bring about a just consideration of the Peace Conference of the rights of the Irish people to govern themselves, and that said representatives of the United States at the Peace Conference further exercise their influence so that the Irish people may receive such measure of self-determination as is consistent with justice and humanity towards the Irish people.

*Be it further resolved,* That these resolutions be spread of record in the journal of the General Assembly of the State of Ohio, and a copy of same properly attested with the Great Seal of State, and signed by the President of the Senate, and the Speaker of the House of Representatives, the Secretary of State, and Governor of Ohio, be forwarded to the President of the United States, and to the representatives of the United States at the Peace Conference.

## BILLS.

Rule 3. (*As to form.*) Bills introduced in either house shall be legibly written, typewritten, or printed, and shall bear the name of the author and must in all respects, as to form, comply with the laws, and the rules of the General Assembly.

Rule 4. (*Titles must contain.*) Bills shall have noted in their titles a distinct reference to the subject or matter to which they relate and also, if they propose the amendment or repeal of any law, to the section proposed to be amended or repealed.

Rule 5. (*Shall be printed.*) Bills as well as joint resolutions, shall be printed after their first reading, and distributed for the use of the members of the two houses.

Rule 6. (*New matter or omissions to be indicated.*) In all bills introduced which seek to amend existing statutes any new matter contained therein shall be underscored by the author, and when printed the matter so underscored shall be printed in italics; and when amendment is sought by the omission or elimination of matter in an existing law the author shall indicate such omission or elimination by asterisks and the printer shall follow such indicated marks in copy. No bill shall be sent to the printer by the clerk which does not conform to these requirements.

Rule 7. (*When passed notice shall be given other house.*) When a bill or joint resolution has been passed or adopted in either house, notice shall be forthwith given to the other house.

Rule 8. (*When lost or rejected in other house.*) When a bill or joint resolution which shall have been passed in one house is rejected or lost in the other, or postponed indefinitely, notice thereof shall forthwith be given to the other house.

Rule 9. (*Proceedings when amended by other house.*) When a bill or joint resolution which has passed one house, and been amended, passed and returned by the other, it shall lie over one calendar day and the amendment of amendments be printed in the journal of the House to which it was returned unless otherwise ordered, in which case the calendar shall show on what page of the journal of the other House the amendment or amendments have been printed and shall be placed on the calendar in the order received.

When taken up the question shall be upon concurrence in the amendment or amendments, and the same number of votes shall be required to concur as was required to pass the bill or resolution in the house in which it originated; and if such house refuse to concur in the amendment, notice shall be forthwith sent to the other house where the proceedings shall be in the following order;

First, to insist upon its amendment and ask for a committee of conference.

Second, to recede from its amendment, which has the effect of passing the bill in the form in which it passed the house in which it originated;

Third, to adhere to its amendment, which precludes a committee of conference.

#### COMMITTEE OF CONFERENCE.

Rule 10. (*Shall consist of.*) All committees of conference shall consist of three on the part of the Senate and three on the part of the House of Representatives unless otherwise specially ordered by both houses.

Rule 11. (*Proceedings when disagreed.*) Whenever any committee of conference of the two houses shall disagree, other committees may be appointed; and if either of the two houses shall disagree to any report of a committee of conference, such house shall forthwith notify the other of such disagreement, and request another committee of conference; and thereupon another committee shall be appointed.

Rule 12. (*What report of may include.*) A committee of conference appointed to consider matters of difference between the two houses

upon any bill or resolution, may consider and include in its report any amendments pertinent to the bill or joint resolution, whether or not the form or substance of such amendments relate exclusively to the original matters of difference, or the committee may offer a substitute for said bill or resolution.

Rule 13. (*When in order.*) The report of a conference committee is always in order except during a roll call or division, and can not be laid on the table, referred to a committee, or indefinitely postponed, and must be voted upon as a whole.

Rule 14. (*Where papers to be filed.*) When committees of conference have met and shall have come to an agreement the bill and papers adhering thereto shall remain in the House in which the bill originated; if no agreement is reached then the bill shall remain in possession of the House asking for the conference committee.

The receiving clerk shall deliver such message to the presiding officer of the body, who shall, in the proper order of business, and within a reasonable time, lay it before the house.

#### ENGROSSMENT OF BILLS.

Rule 16. (*Bills—Manner of engrossment.*) All bills and resolutions, before they are passed or adopted by either house, shall be carefully engrossed in plain handwriting, in printing or in typewriting, and the engrossed copy carefully compared with the original bill, and the Journal showing the amendments agreed to.

Rule 17. (*Bills—How engrossed when amended by other house.*) When a bill shall have passed one house, and shall be amended in the other, the amendments shall be engrossed upon a separate piece of paper, and the bill, as amended, shall be fully engrossed, and both returned, with the engrossed bill received from the other house, to the house in which it originated. In such engrossments, sections of bills and joint resolutions amended shall be engrossed in a plain engrossing handwriting, in printing or typewriting. Whenever a bill shall be passed in one house and sent to the other and a substitute therefor is agreed to by such house, in the communications between the houses such substitutes shall be designated and treated as an amendment to the original bill, and the message relating thereto shall definitely show as in case of other amendments, how the original bill is amended.

Rule 18. A bill or joint resolution having been reported to either house by the joint committee on Enrollment shall not thereafter be subject to amendment or commitment, or other action by either house. But this provision shall not apply to bills returned to the General Assembly by the governor or secretary of state. Neither shall it prevent the recommitment to the Enrollment committee by joint resolution of any bill

or resolution, if clerical errors are found therein after the report of the Enrollment committee had been received.

#### SIGNING AND VETO OF BILLS.

Rule 19. (*Who to sign; Proceedings when vetoed by governor.*) All bills and joint resolutions, which shall have passed both houses, shall first be signed by the speaker of the House of Representatives, and then by the president of the Senate, the latter affixing the date thereto and delivering the same to the clerk of the Senate, who shall deliver each bill so passed to the governor, taking a receipt therefor, and each joint resolution to the secretary of state, taking the latter's receipt therefor. When any bill shall have been disapproved by the governor and subsequently enacted into law over such veto, in accordance with the provisions of the constitution, the enrolled copy shall be endorsed with the record of the proceedings in each house subsequent to the veto attested by the speaker of the House and president of the Senate.

Rule 20. (*Calendar — Bills of other house shall have precedence on.*) When a bill or joint resolution shall have passed either house, and been sent to the other for concurrence, such bill or joint resolution shall take precedence on the calendar, of all bills, joint resolutions or resolutions not yet passed or adopted by the house in which they originated; provided, that such bills or joint resolutions shall not take precedence of other bills or joint resolutions which may have been carried over from an unfinished calendar.

Rule 21. (*Bills — When not reached on calendar.*) Any bill placed on the calendar for third reading, informally passed, and which was not subsequently called up for consideration, shall be placed in its order at the head of the calendar of bills for third reading on the succeeding day.

Rule 22. (*Chairman of committees shall give notice to authors of bills.*) The chairman of each committee of the Senate and House of Representatives shall, at some time before the final consideration of any bill referred to his committee, if objection thereto be made or material amendment offered in committee, give verbal or written notice to the author of the bill, fixing a time when he may be heard by the committee.

Rule 23. (*Yeas and nays shall be taken on amendments.*) The yeas and nays shall be called in each house on the adoption of all joint resolutions and upon concurrence in amendments made by one house to a bill or resolution originating in the other, and upon the adoption of the reports of conference committees.

Rule 24. (*Clerks to prepare calendar.*) The Clerks of the Senate and House of Representatives shall cause a calendar for each branch of the General Assembly to be printed and placed upon the desk of each Senator and Representative before the opening of each daily session showing for the day bills for second reading, the bills for third reading, and the special orders of the day.

Rule 25. (*What calendar may show.*) The calendar may also show such other information relating to the business of the houses as the Chair or the Clerk may desire to bring to the attention of the members.

Proposing an amendment to sections 2, 3 and 6 of Article IV of the constitution of the state of Ohio, relative to regulating the appellate jurisdiction of the supreme court and court of appeals and the disqualification and disability of the judges of the court of common pleas and of the court of appeals by the General Assembly.

*Be it resolved by the General Assembly of the state of Ohio, three-fifths of the members elected to each house concurring therein:*

SECTION 1. There shall be submitted to the electors of this state, in the manner provided by law on the first Tuesday after the first Monday in November, 1919, a proposal to amend sections 2, 3 and 6 of Article IV of the constitution of Ohio, to read as follows:

## ARTICLE IV.

Sec. 2. The supreme court shall, until otherwise provided by law, consist of a chief justice and six judges, and the judges now in office in that court shall continue therein until the end of the terms for which

they were respectively elected, unless they are removed, die or resign. A majority of the supreme court shall be necessary to constitute a quorum or to pronounce a decision, except as hereinafter provided. It shall have original jurisdiction in quo warranto, mandamus, habeas corpus, prohibition and procedendo, and appellate jurisdiction in all cases involving questions arising under the constitution of the United States or of this state, \* \* \* *and also such other appellate jurisdiction as may be provided by law.* It shall hold at least one term in each year at the seat of government, and such other terms, there or elsewhere, as may be provided by law. The judges of the supreme court shall be elected by the electors of the state at large for such term, not less than six years, as may be prescribed by law, and they shall be elected, and their official term shall begin, at such time as may now or hereafter be fixed by law. Whenever the judges of the supreme court shall be equally divided in opinion as to the merits of any case before them and are unable for that reason to agree upon a judgment, that fact shall be entered upon the record and such entry shall be held to constitute an affirmance of the judgment of the court below. No law shall be held unconstitutional and void by the supreme court without the concurrence of at least all but one of the judges, except in the affirmance of a judgment of the court of appeals declaring a law unconstitutional and void. \* \* \* *The decisions in all cases in the supreme court shall be reported, together with the reasons therefor.*

Sec. 3. One resident judge of the court of common pleas, and such additional resident judge or judges as may be provided by law, shall be elected in each county of the state by the electors of such county; and as many courts or sessions of the court of common pleas as are necessary, may be held at the same time in any county. Any judge of the court of common pleas may temporarily preside and hold court in any county. \* \* \* *Laws shall be passed providing for the disqualification or disability of judges of the court of common pleas.*

Sec. 6. The state shall be divided into appellate districts of compact territory bounded by county lines, in each of which there shall be a court of appeals consisting of three judges, and until altered by law the \* \* \* *appellate districts* in which the \* \* \* *appellate* courts are now held shall constitute the appellate districts aforesaid. The judges of the \* \* \* *appellate* courts now residing in their respective districts shall be the judges of the respective courts of appeals in such districts and perform the duties thereof until the expiration of their respective terms of office. Vacancies caused by the expiration of the terms of office of the judges of the court of appeals shall be filled by the electors of the respective appellate districts in which such vacancies shall arise. Until otherwise provided by law the term of office of such judges shall be six years. Laws may be passed to prescribe the time and mode of such election and to alter the number of districts or the boundaries thereof, but no such change shall abridge the term of any judge then in office. The court of appeals shall hold at least one term annually in each county in the district and such other terms \* \* \* *as may be provided by law* and the county commissioners of any county in which the court of appeals shall hold sessions shall make proper and convenient provisions for the holding of such court by its judges and officers. Each judge shall be competent to exercise judicial powers in any appellate district of the state. The court of appeals shall \* \* \* have original jurisdiction in quo warranto, mandamus, habeas corpus, prohibition and

procedendo, and *such* appellate jurisdiction \* \* \* as may be provided by law. \* \* \* No judgment of a court of common pleas, a superior court or other court of record shall be reversed except by the concurrence of all of the judges of the court of appeals on the weight of the evidence, and by a majority of such court of appeals upon other questions \* \* \* Laws may be passed providing for the reporting of cases in the courts of appeals. \* \* \* *Laws shall be passed providing for the disability or disqualifications of judges of the courts of appeals.*

SECTION 2. At such election this amendment shall be placed on the official ballot in the manner prescribed by law and shall be designated as follows:

"Article IV, sections 2, 3 and 6—To regulate the appellate jurisdiction of the Supreme Court and Court of Appeals, and providing for the disability of judges—Yes."

"Article IV, sections 2, 3 and 6—To regulate the appellate jurisdiction of the Supreme Court and Court of Appeals, and providing for the disability of judges—No."

If the votes for the proposal shall exceed those against it, sections 2, 3 and 6 hereinabove set forth shall on and after the first day of January, 1920, become and constitute the sections so amended of Article IV of the constitution of the state of Ohio and said original sections 2, 3 and 6 shall be repealed and annulled.

The resolution was laid over under the rule.

WHEREAS, It is necessary in the preparation of such a law and in fixing proper penalties for its violation, and in measuring the extent to which its restrictive provisions should be carried, that the House be fully advised as to existing evils and conditions throughout the state which are a result of the German language being, or having been, taught therein; therefore

*Be it resolved*, That this House does most respectfully petition the Governor, to be by him, placed in possession of facts showing in what manner and to what extent disloyalty and treason have emanated from, or been fostered by, the subjects taught in the schools of Ohio, and what class of schools, whether parochial, private or public, have been most productive of existing evils for the correction of which a remedy is demanded;

*Be it further resolved*, That when this body shall be fully advised as to the magnitude of the menace of Prussianism which in the past or in the present, can be traced directly, or indirectly to any school or class of schools, within the state of Ohio, or to any subject or branch of study taught in any such school or schools, or to any other agency within the state, that immediately upon being so advised, this House of Representatives proceed to adopt such measures and prescribe such penalties as will prevent a recurrence of every act, fact and circumstance which have caused the mind of any child in Ohio, in any school in Ohio, or in any home in Ohio to become tainted with disloyalty or to be impoverished in Americanism.

No license shall be required under the provisions of this act prior to January 1, 1920.

"Section 2. Nothing in this act shall apply to the original owner disposing of carcasses of dead animals on his own premises.

"Section 3. Any person, firm or corporation desiring a license to engage in such business shall file an application for such license with the secretary of agriculture. Such applicant, at the time he files such application shall pay to the secretary of agriculture a fee of \$50.00. In case more than one inspection of the premises of said applicant is necessary as hereinafter provided the applicant shall pay a further fee of \$25.00 for each such inspection before the licenses shall be issued.

"Section 5. The secretary of agriculture shall make and cause to be printed such reasonable rules and regulations for the carrying on of such business, for the physical and sanitary conditions of the premises and equipment as may seem to him to be necessary and proper. He shall furnish copies of such rules and regulations to any person who shall apply for them.

"Section 6. The secretary of agriculture, in person or by deputy, shall inspect or cause to be inspected each place licensed under this act at least once each year, and as often as the secretary of agriculture may require, and shall see that the licensee conducts the business in conformity to this act and to the rules and regulations made and established by the secretary of agriculture. For failure or refusal to obey the provisions of this act or said rules and regulations by any licensee, the secretary of agriculture may suspend or revoke the license held by such licensee.

"Section 7. Proper blank applications for licenses shall be provided and furnished free to the applicant by the secretary of agriculture.

Provided, however, such wagon bed or tank shall be so constructed as to conform to the rules and regulations that may be established by the secretary of agriculture and said carcasses shall not be moved from said wagon bed or tank except at the place of final disposal.

"Section 9. Any person, firm or corporation violating any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty dollars nor more than two hundred dollars; such fines and penalties to be collected in the name of the state of Ohio. All moneys received for fines and license fees under this act shall be paid to the secretary of agriculture and by him paid into the state treasury.

SECTION 1. That sections 3128, 3130, 3131, 3132, 3133, 3134, 3136 and 3137 of the General Code be amended to read as follows:

Sec. 3128. *The petitions thus filed with the county commissioners shall stipulate the maximum amount of money to be expended in purchasing or building such hospital, and it shall be published with notices of the election in at least two newspapers of general circulation in the county, at least one time, twenty or more days prior to the election.*

*And when a majority of the tax payers signing the petitions submitted to the county commissioners under the preceding section, shall state therein that it is desired by them that such hospital be designated as a memorial to commemorate the services of the soldiers, sailors, marines and pioneers of the county, then such hospital, if erected in accordance with the provisions of this act, shall be known and designated as a County Memorial Hospital; and such plates, tablets, busts, statutes and other memorials and equipment as the Board of County Hospital trustees hereinafter provided for shall deem fit to properly accom-*

plish and preserve the memorial feature in such hospital, shall be incorporated in its construction. And if the memorial feature be thus incorporated, this fact shall be mentioned in the published notices hereinbefore required.

Sec. 3130. If a majority of the electors of the county voting at such election are in favor of the issuance of bonds, the commissioners shall provide for the issuing and sale thereof according to law and in conformity to the provisions of this chapter.

Sec. 3131. \* \* If a majority of the electors of the county voting at such election are in favor of the issuance of bonds, the deputy state supervisors of elections for such county shall certify the result of such election to the Governor of the State; whereupon the Governor shall, within ten days after the receipt of such certification, appoint a Board of County Hospital Trustees, composed of four freeholders of such county.

Such board shall be bipartisan, with two members from each of the two political parties casting the highest number of votes in such county for their respective candidates for Governor at the next preceding gubernatorial election. And the Governor shall forthwith notify the persons so selected of their appointment as such trustees, by mail, and fix a date not more than ten days later when such trustees shall meet at the county seat of such county to organize such board.

On the date thus fixed such trustees shall meet and organize such board by electing one of their number as Chairman and another as Secretary. The county commissioners shall fill all vacancies which may occur in such board of trustees, as well as in the Board of Hospital Trustees hereinafter provided for, which may result from death, resignation or removal from office. Such board of trustees shall hold such meetings as the performance of its duties may require and shall keep a record of its proceedings and a strict account of all its receipts, disbursements and expenditures; and upon completion of their duties as herein provided, they shall file such account with the Board of County Commissioners and make final settlement with such board.

Such hospital trustees shall serve until such hospital be fully completed and sufficiently equipped for occupancy, whereupon their successors shall be appointed as hereinafter provided.

The trustees shall serve without compensation, but shall be allowed their necessary and reasonable expenses incurred in the performance of their duties, the same to be paid out of the funds provided for such hospital. They may employ such help as they shall deem necessary to perform their clerical work and to superintend properly the construction of such hospital, and pay the expenses thereof out of the funds provided for such hospital.

Each trustee shall give bond for the proper performance of his

*duties in such sum as the board of county commissioners may require, with sureties to its approval.*

Sec. 3133. \* \* Upon the certificate of such trustees, stating the amount necessary, the county commissioners shall issue and sell the bonds of the county in the amount so certified but not in excess of the amount named in said petitions. Said bonds shall be sold in anticipation of taxes to be levied as hereinafter provided; they shall bear interest at a rate not exceeding six per cent per annum, payable semi-annually, and the proceeds thereof shall be used for the purpose of purchasing a site and erecting hospital buildings, or of purchasing a site with buildings already erected thereon and for equipping and maintaining the same.

Annually thereafter the commissioners shall levy, in addition to all other levies authorized by law, an amount sufficient to properly maintain and conduct said hospital and furnish such extensions and further equipment thereof as may be necessary; and also to provide a sufficient sinking fund for the ultimate payment of such bonds and interest as the same shall mature.

Sec. 3134. \* \* The fund arising from the sale of such bonds shall be placed in the county treasury to the credit of a fund to be known as the "County Hospital Fund". And such fund shall be paid out on the order of said board of County Hospital Trustees, certified by the Chairman and Secretary thereof.

If, upon the final completion of such county hospital, an unexpended balance of the fund remains in the county treasury, such balance shall be placed and kept to the credit of the sinking fund herein provided for.

Sec. 3136. \* \* When said hospital shall have been fully completed and sufficiently equipped for occupancy as hereinbefore provided, the county commissioners shall appoint a board of four trustees as follows: one for one year, one for two years, one for three years and one for four years from the first Monday of March thereafter. Not more than two of such trustees shall be of the same political party. Annually thereafter on the first Monday of March, the county commissioners shall appoint one such trustee, who shall hold his office for the term of four years and until his successor be appointed and qualified.

The commissioners shall immediately fill any vacancy in such board which may be caused by death, resignation or removal, by appointment for the unexpired term. They may remove any trustee appointed by such board of commissioners for cause impairing faithful, efficient and intelligent administration, or for conduct unbecoming to such office, after an opportunity be given to be heard upon written charges; but no removal shall be made for political reasons.

Sec. 3137. \* \* Upon the appointment and qualification of such trustees as herein provided, they shall organize by the election of one of their members as President and another as Clerk.

Such board shall hold meetings at least once a month, and shall adopt necessary rules for the regulation of its business, and keep a complete record of its proceedings. Three members of such board shall constitute a quorum.

Such board shall assume and continue the operation of such hospital. It shall have the entire management and control of the hospital and shall establish such rules for the government thereof and the admission of persons thereto as it deems expedient; it shall have control of the property of the hospital and deposit all monies thereof with the county treasurer to the credit of the hospital fund; and the same shall be paid out

only for the maintenance and operation of such hospital, on the warrant of the county auditor, issued pursuant to the orders of the trustees.

Such board shall employ a superintendent, and, upon the nomination by such superintendent, shall confirm the employment of such physicians, nurses and other employes as may be necessary for the proper care, control and management of such hospital and its inmates; and shall fix their respective salaries and compensation; and any such person may be removed by such trustees at any time when, in their judgment, the welfare of such institution may so warrant.

Such trustees may determine whether patients presented at the hospital for treatment are subjects for charity, and shall fix the compensation to be paid by patients other than those unable to assist themselves. They may provide for the free treatment in such hospital of soldiers, sailors and marines of the county, under such conditions and regulations as they shall prescribe.

The hospital superintendent herein provided for shall give such bond for the faithful performance of his duties as such trustees may require and with sureties to their approval.

The trustees shall annually on the first day of March file with the county commissioners a statement of their receipts and expenditures for the preceding year and shall submit to such commissioners an estimate of the financial requirements of such hospital for the ensuing year.

SECTION 1. That sections 7691, 7700, 7701 and 7703 be amended and supplemental sections 7701-1 and 7701-2 of the General Code be added to read as follows:

Sec. 7691. *All regular and special teachers, principals and supervisors hereafter appointed for the first time by any board of education of a city school district, or by any other person or body having the power of appointment in such district, shall be appointed for a period ending with the close of the school year in which the appointment is made and thereafter the reappointment of any such person shall be made at a date not later than thirty days before the close of the term of the current school year and shall be for the period of the next school year, provided that when any such teacher, principal or supervisor, shall have served as teacher, principal or supervisor, in the same school district of this state for three consecutive school years, then the next appointment of such teacher, principal or supervisor in such district, shall be for an indefinite period subject to dismissal as provided in sections 7701 and 7701-1, or until such time as he may retire on pension under the laws of this state. All teachers, principals or supervisors, who, by the close of the school year in June, 1920, shall have served as such for three consecutive school years in the same school district in this state, shall, when appointed thereafter, in such district, be appointed for an indefinite period subject to dismissal as provided in sections 7701 and 7701-1 or until he retires on pension under the laws of Ohio.*

*If a teacher, principal or supervisor be on regular leave of absence, the time of his absence shall not be considered as a period of service, nor as an interruption of the continuity of service.*

*The board may require any teacher, principal or supervisor serving on indefinite tenure to notify the board or superintendent by a date not earlier than May first of each year of his intention to remain in the service of said board during the following school year. Failure, thereafter, by any teacher, principal or supervisor to give such notice may be regarded by the board as a resignation to become effective at the close of the then current school year.*

Sec. 7700. *All resignations or requests for release from contract by teachers, supervisors or employees, must be promptly considered by the board, but no resignation or release shall become effective except by its consent provided however that if a teacher, principal or supervisor serving on indefinite tenure, tender his resignation to become effective on a date not earlier than thirty days after its receipt by the board, such resignation shall become effective upon the date stated in the resignation.*

Sec. 7701. *Any board of education may, by majority vote, during the school year, dismiss a teacher, principal or supervisor, whether appointed for the school year or upon indefinite tenure, for inefficiency, neglect of duty, immorality, or conduct unbecoming a teacher. In such case there shall be delivered to the teacher, principal or supervisor, notice of his dismissal, together with written charges specifying the grounds of dismissal and signed by the city, county, or district superintendent. Such teacher, principal or supervisor may, within ten days file a written answer to such charges, accompanied, if he elects, by affidavits supporting the same and also if he elects, accompanied by a demand for a hearing. If a hearing is demanded, the board or committee thereof shall, within ten days thereafter, hear the charges and the defense of the teacher, principal or supervisor and shall, upon majority vote, of the board, either*

*affirm or refuse to affirm the dismissal. When a teacher, principal or supervisor is notified of his dismissal as herein provided, the superintendent may at the time of giving such notice, suspend such teacher, principal or supervisor pending action by the board. If the dismissal is affirmed the person dismissed shall receive no compensation from the date of suspension. The provisions of this section shall not be construed as limiting the right of the board to dismiss a teacher when an actual decrease in the number of pupils occurring during the school year, renders such dismissal advisable.*

Sec. 7701-1. *Any board of education may, by majority vote, dismiss a teacher, principal or supervisor appointed upon indefinite tenure, at the end of any school year for cause. In such case the teacher, principal or supervisor shall be notified of his dismissal and the reasons therefor in writing, signed by the superintendent, not later than sixty days before the last day of the term of the current school year. Within ten days after receipt of said notice any such teacher, principal or supervisor may file with the board an answer to such notice and cause of dismissal with or without affidavits in support of the same. Both said notice and answer shall be public records in the office of the board of education.*

*Any teacher, principal or supervisor receiving a notice of dismissal as provided in this section, may, when filing his answer, demand a hearing.*

*Within ten days after such demand for hearing is made, the board shall grant a hearing to the person making such demand either before the board or any person or persons designated by them. Not later than fifteen days before the last day of the school year said board shall act upon said dismissal unless the same be withdrawn by the superintendent. Unless the board by such date by vote of a majority of all its members, refuse to affirm such dismissal, such dismissal shall stand as the action of the board.*

*In all cases the determination of the board upon the dismissal of any teacher, principal or supervisor, when made in accordance with the provisions of this section, shall be final.*

Sec. 7701-2. *If any teacher, principal or supervisor, appointed on indefinite tenure be demoted in rank, or his salary be reduced, unless such reduction be the result of a uniform salary revision affecting all persons drawing the same salary, or unless such demotion be part of a general plan affecting the entire system, then any such demotion or reduction in salary shall entitle a teacher, principal or supervisor to all the rights accorded to him in case of dismissal.*

Sec. 7703. *Upon his acceptance of the appointment, such superintendent, subject to the approval and confirmation of the board, may appoint all the teachers, and for cause suspend any person thus appointed until the board or a committee thereof, consider such suspension, but no one shall be dismissed by the board except as provided in sections 7701 and 7701-1. But any city board of education, upon a three-fourths vote of its full membership, may re-employ any teacher whom the superintendent refuses to appoint. Such superintendent shall visit the schools under his charge, direct and assist teachers in the performance of their duties, classify and control the promotion of pupils, and perform such other duties as the board determines. He must report to the board annually, and oftener if required, as to all matters under his supervision and may be required by it to attend any and all of its meetings. He may take part in its deliberations but shall not vote.*

Sec. 7708. *If the board of education of any district, during the school year, dismisses a teacher for any frivolous or insufficient reason,*

the teacher may bring suit against such district. If, on trial of the cause a judgment be obtained against the district, the board thereof shall direct the clerk to issue an order upon the treasurer for the sum so found due to the person entitled thereto, to pay it out of any money in his hands belonging to the district, applicable to the payment of teachers.

In such suits process may be served on the clerk of the district, and service upon him shall be sufficient.

Mr. Hopple presented the following protest to signing by the Speaker of the House of **S. B. No. 12**—Mr. Archer.

#### PROTEST.

I herewith protest against the signing of Senate Bill No. 12 by the Speaker of the House for the following reasons:

Said enactment is not constitutionally legal and valid in that the provisions of article II, section 16 of the constitution of the state of Ohio have not been complied with; said provisions requiring that "every bill shall be fully and distinctly read on three different days unless in case of urgency three-fourths of the House in which it shall be pending shall dispense with the rule".

The Journal of the House, February 4, 1919, on page one shows that when said bill was received from the Senate by the House of Representatives a motion was made which was duly seconded, after its first reading, that the constitutional rule be suspended and that the bill be read the second time by its title only, upon which motion a rollcall was demanded; the result of said rollcall shows that 64 mem-

bers voted for the suspension of the rules and that 24 members voted against the suspension of the rules. This vote, less than three-fourths vote, is contrary to the provisions of said section of the constitution and therefore, I hold that the act should not be signed by the Speaker of the House and is illegal and void for the reasons herein set forth.

E. J. HOPPLE.

The speaker of the House, in the presence of the House, signed bills and joint resolution.

MESSAGE FROM THE SENATE.

Mr. Speaker:

I am directed to inform you that the Senate has passed the following bill, in which the concurrence of the House is requested:

**Am. S. B. No. 125** — Joint Committee on Taxation.

To amend sections 5123-1 and 5123-3 of the General Code, relative to the submission of proposed amendments to the constitution to the electors.

Attest:

W. E. HALLEY,  
Clerk.

Said bill was read the first time.

The Speaker handed down the following communication from the governor:

To the General Assembly:

**House Bill No. 30** — Mr. Miller, of Stark, seeks to establish a municipal court for the city of Massillon. A companion bill by the same author passed two years ago created a similar court in the city of Alliance, and House Bill No. 439 of the present session has similar application to the city of Canton, all in the same county.

The establishment of additional courts with the accruing necessity of more judges seems to be growing into a contagion in Ohio. The

truth of the matter is that we have entirely too many courts now. The constitution makes provision for at least one county judge in each of the eighty-eight subdivisions. While that seemed at the time to be a wise provision, the soundness of the plan was quickly called into question, by rapid diminution of the volume of litigation. This has been occasioned largely by the passage of the workmen's compensation act.

You will probably recall that during the session of the 80th General Assembly I recommended the adoption of a joint resolution giving to the people the opportunity to repeal the constitutional provision for county judges. The reason presented at that time for a decrease rather than an increase in the number of courts have multiplied. I must therefore respectfully return this bill to you with my disapproval.

JAMES M. COX,  
Governor.

The question being, "Shall the bill pass, notwithstanding the objections of the governor?"

Mr. Beetham moved that further consideration of the governor's message be deferred.

The motion was agreed to.

The speaker handed down the following communication from the governor:

To the General Assembly:

**House Bill No. 207** — Mr. Cowan, purports only to change the numerals and titles in the appropriation bill for the house of representatives. It apparently also decreases the amount appropriated. A careful consideration, however, develops that the facts do not correspond with appearances. For the reason that most of the money provided by the items sought to be repealed has already been spent, the bill actually increases the amount appropriated by some thousands of dollars, which increased appropriation is carried in one lump sum in complete violation of both the letter and spirit of the budget system which requires specific details of the objects of expense insofar as it is practicable to ascertain and state the same.

For these reasons I herewith return the bill to the house of its origin disapproved.

JAMES M. COX,  
Governor.

The question being, "Shall the bill pass notwithstanding the objections of the governor?"

Mr. Beetham moved that further consideration of the governor's message be deferred.

The motion was agreed to.

Strike out all after the enacting clause and substitute the following:

Section 1. In any county in which on the first day of November, 1919, the aggregate of the tax duplicate for real estate and personal property is twenty million dollars or less, and in which county there are at least twenty-five miles of improved county roads, the county commissioners prior to the first Monday of January, 1920, shall divide into convenient sections all improved county roads and shall employ yearly a patrol or section man for each section to keep the same in repair for the year ending on the first Monday of February thereafter. In the event the repair and maintenance fund for county roads in any year is

insufficient in any county having such a tax duplicate to employ section men on all such roads, then the provisions of this act shall apply to such improved county roads as are most heavily traveled and are in need of the most repair and attention.

Section 2. The county commissioners shall provide and furnish the materials for repair and may require the section men to quarry and haul stone, gravel and other material to places where needed on such highways within the limits of their sections.

Section 3. Each section man shall provide himself at his own expense, with the following tools and equipment: Pick, mattock, shovel, sledge hammer, knapping hammer, axe, one strong horse and harness therefor, one large two-wheeled cart with bed arranged for quick dumping and with a capacity of at least one-half a cubic yard of crushed stone or gravel. Provided that the tools and equipment aforementioned shall be subject to the approval of the county commissioners and they may, if they deem it best, require any one or more of such section men to furnish and use a wagon and two horses for hauling materials, and may require them to provide themselves with a folding tent for protection while breaking and knapping stone during inclement weather, and may if they so desire furnish plows, scrapers and other tools for the use of such section men. If additional tools and equipment are required of such section men, the number and kind shall be fully stated in the advertisement for bids hereinafter provided for.

Section 4. Each section man employed must be physically strong, healthy and inured to manual labor and it shall be his duty to patrol his section and care for the drainage; promptly to patch holes as they may appear on such highways within his section; to place at convenient points broken rock, gravel and suitable materials for repair along his section and have the same in readiness for immediate use when needed; to remove weeds and bushes growing thereon; to spend on his section eight hours of actual and faithful labor each day; and to keep his section in as good condition for travel as his opportunities will permit subject to the rules and regulations made by the county commissioners, the provisions of law herein and under the supervision of the county surveyor. No section man shall substitute the work of another man on his section, in the event of his disability or otherwise, without the consent in writing of the county commissioners. On Monday of each week where they are employed for full time, the section men shall mail to the county auditor on blanks furnished by the county commissioners, a detailed report in writing, stating the nature and extent of their work and hours of service on each day of the previous week and any other information deemed of importance to the county commissioners. When they are not employed for full time, such section men shall make reports at such times as the county commissioners may require.

Section 5. Before the employment of such section men, the county commissioners shall name, number and describe the various sections and enter the same on their journal. They shall adopt rules and regulations subject to the approval of the county surveyor to govern the section men and record the same on their journal and file a copy thereof with the county auditor. Prior to the first Monday of February each year they shall give notice in two newspapers in the county, of opposite politics, of general circulation and printed in the English language, for two successive weeks that they will receive sealed bids until noon on the first Monday of February for section men for each of the sections named in the notice, subject to the rules and regulations adopted by the county

commissioners and on file in the auditor's office and subject to the provisions of law. If there be not two such newspapers printed in the county, one newspaper of general circulation printed in the English language shall be sufficient. If there be no such newspaper printed in the county, then printed notices shall be posted in each township, precinct and municipality in the county. The commissioners may reject any bid that in their opinion is too high or does not meet the requirements herein and if two or more bids are the same they are authorized to make choice. Upon the acceptance of any bid and the giving of a proper bond by the bidder the commissioners shall enter into a written contract with the bidder.

Section 6. Each section man before entering upon the discharge of his duties shall give a bond in the sum of \$500.00 conditioned for the faithful discharge of his duties to be approved by the county commissioners. The forms for such bond and contract shall be prepared by the prosecuting attorney and furnished to the successful bidders by the county commissioners.

Section 7. The compensation of such section men shall be allowed and paid monthly upon bills presented therefor. If any of such section men fail to comply with the terms of their contract or neglect, fail or refuse to abide by the law or the rules and instructions of the county commissioners, and county surveyor, the county commissioners shall allow only such sum as they deem them to be entitled to for their services, and may terminate the contract upon giving thirty days' notice to any of such section men.

Section 8. In the event the repair and maintenance fund is insufficient in any year to employ such section men for full time or for other good reasons, they may be employed for a part of the time, but their employment shall be so arranged that the time on duty and off duty shall alternate by the week or month as the county commissioners may think best and the same shall be so stated in the advertisement for bids. If a vacancy should occur by resignation, death, removal or other cause of a section man less than six months before the first Monday of February, the county commissioners may employ for the remainder of the year, without giving notice in a newspaper, otherwise they shall advertise for sealed bids.

**H. J. R. No. 48** — Mr. Halstead.

Relative to the printing and distribution of ten thousand sets of Howe's Historical Collections of Ohio.

WHEREAS, The state of Ohio owns the copyright, engravings, electrotypes plates, and all other matter and means necessary and requisite for the printing and publication of the centennial edition of "Howe's Historical Collection"; and

WHEREAS, This history is the culmination of exhaustive research, study and investigation, replete with information of great value, which should be disseminated among our public schools, libraries and citizens, thereby imparting a more thorough knowledge of the history of our state; therefore

*Be it resolved by the General Assembly of the state of Ohio,* That the commissioners of public printing be and are hereby directed and authorized to contract on behalf of the state for the printing from said plates, etc., of ten thousand (10,000) sets of said historical collections, in sets of two volumes each, at a cost to the state, not to exceed one dollar and seventy cents per set.

*Resolved,* That when such history is printed and bound as aforesaid, the same shall be delivered to the secretary of state who will make distribution and disposition thereof as follows:

To the state library, for exchange, twenty-five (25) sets, without cost; to the Archaeological and Historical Society, twenty-five (25) sets, without cost; to each member of the eighty-third general assembly, not more than fifty (50) sets, at actual cost to the state; providing, application therefor is made to the secretary of state within thirty days after being notified that such books are ready for distribution, the sets remaining to be sold by the secretary of state at two dollars (\$2.00) per set, the proceeds therefrom to be paid into the state treasury and credited to the general revenue fund. The General Assembly shall make sufficient appropriation for the printing and binding of the books provided for herein.

The resolution was laid over under the rule.

Mr. Copeland offered the following resolution:

**H. J. R. No. 49** — Mr. Copeland.

Providing for the appointment of a joint committee to inquire into governmental expense and to make recommendations regarding the same to the 83rd General Assembly of Ohio.

WHEREAS, If there is common sense in the phrase that "a dollar saved is a dollar earned" then it would appear to be an act of wisdom to stop expenditures for non-essentials rather than to seek additional ways and means whereby additional monies may be collected by taxation;

WHEREAS, In 1908 the state of Ohio to meet its obligations spent \$8,194,493.00 which was published as being a sum "extravagant and

wasteful" and yet in 1918 there was spent \$15,097,405.00 an increase of 95%;

WHEREAS, The auditor of state in his 1918 report to the governor of Ohio says: "That since 1880 Ohio population has only increased 49%, taxation has increased 300% and public debt has beat population 900% by increasing over 950%";

WHEREAS, The present auditor of state elected by the people for a second term says in a report to the governor of Ohio "for nearly six years I have had my finger constantly on the financial pulse of Ohio's government" has in his annual reports to the governor of Ohio and through the public press called attention to numerous unnecessary extravagant and unlawful expenditures of money; and

WHEREAS, The present auditor of state in his 1918 report (page 19) to Governor Cox says: "Let us now consider several opportunities the state has to save millions it is now spending or planning to spend. The state treasury is in splendid condition, but not even Ohio can keep on increasing its yearly expenditures at the rate of 70% in six years \* \* \*. These reliefs from oppressive taxation can only be made possible by avoiding unnecessary state expenditures;" and

WHEREAS, The present auditor of state who is in a position to speak knowingly says publicly: "You might as well try to dam the Scioto river with bags of salt as to expect to have a sane fiscal government in Ohio with limits on taxation and none on spending money;" and

WHEREAS, The present auditor of state in his 1918 report says "The facilities of obtaining money are ever the stimulants of extravagance;"

WHEREAS, The present auditor of state in his 1918 report (page 30) says "Hydraulic pressure must be applied to all government and every drop of extravagance and waste must be squeezed out. Be firm in this and the splendid character of our state and government will be maintained. Depart from it and we will leave a burden to our children that will shame the generation in which we live;"

WHEREAS, The present auditor of state reporting his observations on many governmental affairs says: "but when such deplorable and dangerous conditions are brought to the attention of our lawmakers and they fail to act, any future mis-appropriation of public funds or official defalcations due to such legislative negligence will stand as official;" and

WHEREAS, The present auditor of state in his supplementary report to the Governor (page 4) says: "The legislature should do one of two things, either abolish the duplication of state departments or abolish the auditor's office;" and

WHEREAS, If the citizens of Ohio are of the impression that large sums of money collected by the various forms of taxation are imprudently, wastefully, extravagantly and unlawfully expended then they have a right to know if such be true or untrue and if true then such expenditures should cease and the monies so collected be used for the public good. If we cease spending extravagantly and for non-essentials we can probably increase appropriations for essentials; now therefore,

*Be it resolved by the General Assembly of Ohio,* That two members of the House of Representatives of whom not more than one shall be of the same political party, appointed by the speaker of the House of Representatives, and two members of the Senate of whom not more than one shall belong to the same political party, appointed

by the president of the Senate shall constitute a joint committee to investigate governmental affairs for the purpose of reporting to this general assembly and to the people of Ohio through this general assembly any evidence they may find of the extravagant, unnecessary, wasteful or unlawful expenditures of the public money gathered by taxation in any form. Said committee may employ any person or persons to assist in the conduct of their investigations.

Said committee or any two of said committee shall have all the powers as provided by sections 57, 58, 59 and 60 of the General Code. Any order or written instrument signed by a majority or any two members of the joint committee shall have the same effect as though signed by the chairman.

The attorney general of Ohio is requested and directed to give to said committee or any member of said committee such legal advice as he or they may request.

They may make a report or reports either individually or collectively at any time to either branch of the general assembly and the reports shall be printed in the daily journal of the branch wherein such reports are offered unless otherwise ordered.

The sergeant-at-arms of the House shall procure a suitable room for their hearings and he shall supply them with materials for their work.

Said committee in order to carry out the provisions and general intent of this resolution is authorized to hold meetings while the general assembly is in session, to spend from the money heretofore or hereafter appropriated to discharge the expense of legislative committees such sum or sums as may be necessary, same to be paid by the state treasurer on the warrant of the state auditor which warrant shall be issued upon filing an itemized account the same to be approved by any two members of said joint committee; and be it further

*Resolved*, That this general assembly will not look with favor upon any report clearly indicating partisanship.

The resolution was laid over under the rule.

sages and parts of messages, on the subject of barring German from our schools, which have been made or given by Governor James M. Cox during his two former administrations and the first part of the present administration up to February 20th, 1919, and also that said committee investigate and report the facts touching the teaching of the German language, which were gathered by the recent school survey made by the commission appointed by the governor, and what treason and disloyalty and un-Americanism were found by said survey to exist in Ohio schools as a result of teaching said language therein;

On motion of Mr. Robins the constitutional rule requiring bills to be fully read on three different days was dispensed with, and **H. B. No. 512** — Mr. Robins, was read the second time by its title.

And referred to the committee on Public Highways.

The speaker handed down the following message from the governor:

To the General Assembly:

I address you with reference to **H. B. No. 170**, introduced by Mr. Cochrun, which seeks to amend section 3068 of the General Code.

The section in question makes the county commissioners the custodians of the memorial hall, so called, within the county, and provides that "they (the commissioners) may permit the occupancy and use of the memorial building or any part thereof upon such terms as they deem proper". In lieu of this, the bill now under consideration carries the following language: "The occupancy and use of the memorial building or any part thereof, rests within the discretion of the county commissioners, and upon such terms as they deem proper."

On its face, the change in the statute is of no great consequence and yet I believe that upon reflection you will agree that it relates to a vitally important question. I find upon investigation that the bill originates from a circumstance in one of the counties in which the county commissioners denied the right of an organization to hold a public meeting in the memorial hall, whereupon appeal was made to the court. The opinion of the judge as rendered was that while the commissioners have the right to prescribe rules and regulations for the use of the hall, they are not vested with an arbitrary discretion. The authority which the existing law does not convey as the court pointed out, **H. B. No. 170** provides, and that brings us to the very crux of the matter.

The commissioners from motives admittedly patriotic, believed that the organization whose request it denied, intended a meeting for purposes not helpful to the public interest. In other words, they prejudged the intent, and sought to provide against its accomplishment.

Section 3 of Article 1 of our state constitution guarantees the right of assembly, where such assembly is held in a peaceable manner to consult for the common good. The very first amendment to the constitution of the United States protects "Freedom of Speech" and "The right of the people peaceably to assemble". I believe that your honorable body will recognize upon reconsideration that this bill trespasses upon the liberties guaranteed by our charter of government. While I am in precise harmony with your desire to promote wholesome conditions by creating safeguards against the things that harm, it is my judgment that you approach this question from the wrong angle.

Every man is responsible before the law for his own utterance, and the statute which names the offense of treason likewise provides punishment. If, however, you were to write into the law, a guarantee against treasonable statements by denying freedom of speech, you would obviously offend against the constitution, and yet the right to **assemble** is conveyed just as clearly as the privilege of free speech.

Never was there a time when it was more important to preserve the atmosphere around our institutions from the taint of unpatriotic voice, but we will defeat the very object we seek to attain if we abridge the rights of liberty.

It is through this consideration that I must therefore respectfully **return the bill with my disapproval.**

JAMES M. COX,  
Governor.

By unanimous consent Mr. Federman offered the following resolution:

**H. R. No. 51** — Mr. Federman.

Section 412-10.

Section 10. In order that the municipalities of this state may be fully protected in their rights to a full and adequate water supply and in the fair and equitable distribution of the same to such municipalities and their inhabitants for general lighting, power and water works purposes and for the furnishing of water, light and power to such municipalities and their inhabitants for general use and for manufacturing purposes, and the right of any such municipality to acquire by purchase any and all of the property, rights, easements and franchises, which may be acquired by the state of Ohio, or any other person or corporation under this act, is expressly granted and reserved to such municipalities.

In case any such municipality shall determine by ordinance to purchase property, rights, easements and franchises from the state, such municipalities shall pay into the treasury of the state the cost thereof, together with interest on outstanding bonds issued for such property, rights, easements and franchises, or any part thereof, up to the period of their redemption and retirement. And thereupon the governor of the state of Ohio, shall make, execute and deliver to such municipality a good and sufficient deed transferring all of such property, rights, easements and franchises to such municipality. The determination of the cost of such property, rights, easements and franchises shall be fixed by agreement between such municipality and the state of Ohio; and for that purpose the governor shall appoint a commissioner, who shall have full

power and authority to estimate and agree upon such cost on behalf of the state.

In case any of said property, rights, easements and franchises shall be purchased in foreclosure proceedings as provided in section 8 of this act, and in case any such municipality shall determine by ordinance to acquire such property, rights, easements and franchises from such purchaser, his heirs, executors, administrators or assigns, then and in that event, such municipality may, at its election, either condemn and appropriate such property, rights, easements and franchises or any part thereof, or it may purchase the same in the manner hereinafter provided.

If such municipality shall determine to purchase said property, rights, easements and franchises, or any part thereof, the same shall be appraised in the following manner, to-wit:

A certified copy of said ordinance shall be served upon such owner or owners at any place within this state in the ordinary manner of serving a summons in a civil action; or, if any owner or owners cannot be found within this state, then service may be made upon them or any of them by publishing said ordinance in some newspaper published and of general circulation in the county where any of said property, rights, easements or franchises may be located and such publication shall be made once each week for a period of six consecutive weeks.

Said municipality and the owner of said property, rights, easements and franchises shall each select and appoint an appraiser, both of whom shall be freeholders and residents of the county or counties in which such property, rights, easements or franchises may be located, and the superintendent of public works of the state of Ohio shall select and appoint a third appraiser.

Such selection of appraisers shall be made within thirty (30) days after said service or publication of the ordinance declaring the intention of said municipality to purchase said property, rights, easements and franchises; and in case the owner or owners of said property, rights, easements and franchises shall neglect or refuse to select and appoint an appraiser within the time limited to them, then any judge of the common pleas court of said county or counties shall select and appoint an appraiser for such owner or owners.

Said appraisers shall immediately proceed, on their oaths, to appraise said property, rights, easements and franchises and shall complete such appraisal within thirty (30) days after their appointment and selection, and they shall make a written report of their findings and their appraisal of said property, rights, easements and franchises and file signed copies thereof with said municipality and with the superintendent of public works of the state of Ohio and mail like signed copies of said report and appraisal to the owner or owners, whose address and place of residence may be known.

Any two of said appraisers may agree upon said report and appraisal. Such municipality shall have the right to purchase said property, rights, easements and franchises at such appraisal and, if it shall determine to accept the award, it shall within six months pay into the treasury of the state of Ohio, for the exclusive use and benefit of said owner or owners, the amount of such appraisal and shall pay to said appraisers reasonable compensation for their services and their expenses.

And thereupon, it shall be the duty of the owner or owners of said property, rights, easements and franchises, by good and suffi-

cient deed to transfer the same to said municipality and upon their failure so to do, said municipality may bring a suit in the court of common pleas of the county in which any of said property, rights easements or franchises may be located to enforce said award and the execution and delivery of said deed, and the acquisition of the title to all of said property, rights, easements and franchises.

And said court of common pleas shall have jurisdiction to hear and determine such suit on the part of said municipality. But said municipality may reject such award and decline to purchase, whereupon it shall pay such reasonable compensation to said appraisers and all reasonable costs and expenses incurred in making said appraisal either by said owner or owners or said appraisers.

If said municipality shall reject any such award and decline to purchase, then said municipality shall not cause any other appraisal to be made of such property, rights, easements and franchises, or any part thereof within three years after the filing of such report and appraisal.

In case of the purchase by any municipality of any such property, rights, easements and franchises, either from the state of Ohio or from the owner or owners thereof under foreclosure or the condemnation of such a property, rights, easements and franchises as herein provided for, all contracts and leases for the sale or lease of water, power, or light, then outstanding shall become null and void and the rights of the state of Ohio and said owners and all the several lessees shall cease and determine.

In the exercise of any rights by any municipality, which it has acquired, either by purchase or appropriation, such municipality shall in nowise interfere with the navigation of the canals of the state nor the control or maintenance thereof, nor the sale of water by the state from its dams, reservoirs and improvements, nor shall the state be held to incur any liability on its part by reason of such purpose or appropriation to continue to maintain such canals, races, channels or water courses, or to continue the use thereof and the superintendent of public works shall have such control of water gates and wickets as to regulate the flow of water in the state reservoirs or canals in such manner as to maintain the level of the state's reservoirs and canals and to prevent the flowing into such reservoirs and canals of such quantities of water as might impair any of the property of the state or its lessees.

In case of the purchase by any municipality from the state as herein provided, the fund derived from such purchase shall be applied by the state treasurer to the satisfaction and retirement of any outstanding bonds and the interest thereon.

After the satisfaction of such bonds and interest, if any of said funds shall remain, the state treasurer shall distribute the same as equitably as may be to the lessees and users of water and power from said improvement, who have paid rental for the same, in proportion to the rentals paid, but no distribution shall be made to any person or corporation, who has not paid rentals, within a period of twenty (20) years before the acquisition of such property, rights and franchises by such municipality. Any portion of said fund remaining after making such distribution shall remain in the treasury of the state of Ohio and become the property of the state.

In the distribution of said fund, if any, to the lessees and users of water and power, the state treasurer shall have full power and authority, and it shall be his duty to hear and determine all claims as speedily as

possible and his action thereon shall be final and conclusive. Said treasurer shall give notice by publication of his intention to hear said claims and of the time and place of such hearing by publication in some newspaper published and of general circulation in the city of Columbus in said state, which publication shall be made once a week for three consecutive weeks sixty (60) days before the time of said hearing and claimants shall file their claims not later than ten (10) days before the date of such hearing.

Mr. Speaker:

I am directed to inform you that the Senate has concurred in the passage of the following bill:

**H. B. No. 292** — Mr. Pugh.

To repeal sections 1683-12, 1683-13, 1683-14, 1683-15, 1683-16, 1683-17, 1683-18 and 1683-19, providing for a court of domestic relations for Lucas county, Ohio, and prescribing the jurisdiction of said court.

By unanimous consent Mr. Denune offered the following resolution:

**H. J. R. No. 52** — Mr. Denune.

Of respect for the soldiers of Ohio, living and dead.

WHEREAS, The recent enthusiastic welcome to the Ohio soldiers who have returned safely to their homes, families and friends expresses the sentiment of all citizens of the state who are proud of the fact that these stalwart sons of Ohio have proved themselves more than a match

for any foe, and whose prowess has become known to the ends of the earth, and

WHEREAS, This gladness is tempered by the thought of those mothers, fathers, wives and sweethearts whose loved ones sleep forever in the fields of France and Flanders or who have returned maimed and broken by the terrible scourge of war, and

WHEREAS, Our sentiment is expressed in the words of another, written for a different occasion but which are applicable today, as follows:

"We see the maiden in the shadow of her first sorrow. We see the silvered head of the old man bowed with his last grief.

These heroes are dead. They died for liberty — they died for us. They are at rest. They sleep in the land they made free, . . . under the solemn pines, the sad hemlocks, the tearful willows, and the embracing vines. They sleep beneath the shadows of the clouds, in the windowless palace of rest. Earth may run red with other wars — they are at peace. In the midst of battle, in the roar of conflict, they found the serenity of death. I have one sentiment for the soldiers living and dead: Cheers for the living; tears for the dead."

therefore,

*Be it resolved by the General Assembly of the State of Ohio,* That this body hereby expresses itself as sharing in fullest measure the gladness of those whose boys have come back, and in the sorrow of those who will never again hear the footsteps of return, and this body further declares itself obligated to treat with every care and consideration the needs of the returned soldiers and their widows and orphans.

*Bt it resolved by the General Assembly of the State of Ohio, That the Speaker of the House of Representatives and the President of the Senate are hereby authorized to appoint from the House and the Senate respectively two farmer members of opposite political parties to constitute a committee to frame and introduce at an early date a bill along the following lines:*

**SECTION 1. DEFINITIONS.** The word "agriculture" as used in this act shall include the tilling of soil; the raising of crops, including fruits, vegetables and grain; the care and cultivation of gardens; the raising of poultry and live stock; the improvement of farm lands and, in short, everything that is generally included under the following terms: farming, horticulture, animal husbandry, dairying and poultry raising.

The word "farmer" as used in this act shall mean anyone who was born or reared on a farm or has had actual and continuous experience in farm work not less than five years.

The word "farm" as used in this act shall be interpreted to mean any area or plot of ground, large or small, on which fruits, vegetables, grains, live-stock and dairy and poultry products are produced.

Sections two, three, four and five shall provide for the appointment of a state board and county boards of farm examiners who shall provide for examinations in the science and art of agriculture and grant certificates to those who successfully pass such examinations.

**SECTION 6.** On and after February 2, 1920, it shall be unlawful for any one to engage in agriculture in the state of Ohio, who has not a certificate from the state or county board of examiners.

**SECTION 7.** It shall be unlawful for the Ohio penitentiary or any state corrective, reformatory, benevolent or educational institution to engage in agriculture and the production of fruit, vegetables, grain, live-stock, poultry or dairy products for use as food or for sale in the open market; provided, however, that nothing in this act shall prevent the raising of farm products by such institution for educational, recreational and amusement purposes, but all such products thus produced shall be destroyed in order that they may not come into competition with the products of privately owned and cultivated farms in Ohio.

SECTION 8. No owner of a city lot or garden shall cultivate such lot or garden unless he be a farmer within the meaning of this act; provided, however, that the owner of such lot or garden may employ a farmer to cultivate the same.

SECTION 9. It shall be unlawful for any common carrier to bring into Ohio from another state, agricultural products which have not been produced by a farmer.

SECTION 10. The secretary of agriculture is hereby created "chief farm inspector" and he shall use as far as practicable all the deputies, inspectors, clerks and game protectors now in his department and as many more as may be necessary to enforce the provisions of this act, to the end that all the farmers of Ohio may be fully protected from competition in every form and that they may reap a more ample return for their arduous and necessary labors.

SECTION 11. Saturday afternoon from 12 o'clock noon to 12 o'clock midnight shall be a legal half holiday and the following shall be legal holidays: July fourth, Christmas Day, New Years Day, Washington's Birthday, Lincoln's Birthday, McKinley's Birthday, Decoration Day, April 6, the anniversary of the entrance of the United States into the world war, and November 11, the anniversary of the signing of the armistice of the world war, Labor Day, St. Patrick's Day, Ground Hog Day and Thursday of county fair week, to the end that the farmer and his children may have more time for rest, contemplation and patriotic manifestation.

SECTION 12. On the second day of February, popularly known as Ground Hog Day, in the year 1921, the farmer's work day shall cease to be from sunrise to sunset and shall thereafter be from 8 a. m. to 12 m. and from 1 p. m. to 4 p. m. of each day or an equivalent number of hours at his option between sunrise and sunset.

SECTION 13. It shall be unlawful for any minor under the age of sixteen years to engage in any kind of work on the farm, in order that the rural youth may have leisure for study and recreation and grow up to be ornaments to the ancient and honorable profession of agriculture.

SECTION 14. All farmers and all women engaged in housework on a farm shall be entitled to have in addition to the half holiday and holidays provided in section 11 of this resolution an annual vacation of two weeks with full pay.

SECTION 15. Any person violating the provisions of this resolution shall be fined not less than fifty dollars nor more than one thousand dollars or be imprisoned in the county jail not less than ten days nor more than one hundred days or be sentenced to labor on an isolated farm not less than one month nor more than two years; and each day of continued violation shall be considered a separate offense.

The joint committee on German Propaganda, to which was referred **H. J. R. No. 17** — Mr. Hooley, having had the same under consideration, reports back the following substitute, and recommends its adoption:

Strike out all after the resolving clause, and insert the following:

WHEREAS, There have been many cases of unjust discrimination, by the war department in the treatment of alleged conscientious objectors when compared with treatment accorded the volunteers and selected men of the national armies, said discrimination greatly favoring the alleged conscientious objectors;

WHEREAS, Common report, the public prints and the notorious facts all testify to gross favoritism shown to said conscientious objectors, some of which facts are as follows to-wit: That the said alleged conscientious objectors were permitted in many instances to violate the rules of war with impunity, but that when punished said punishments were promptly remitted at the close of hostilities; that said persons were granted honorable discharges from the service, were given back pay and civilian clothes though refusing to perform any service for

their country; that secret orders were issued by the war department to favor said alleged conscientious objectors, by relieving them from the severe penalties of war, notwithstanding many of such persons were known to mask their treachery and disloyalty under their alleged consciences; while at the same time severe penalties were inflicted upon hundreds of boys, who offered their all to their country's cause, for offenses frequently trivial or thoughtless breaches of military discipline, no amnesty for which offenses has been granted these willing and patriotic American youths; therefore,

*Be it resolved*, That the General Assembly of Ohio regards with severe disapproval the preferment of those who refused to assist their country in its great peril, and regards such action as an unjust discrimination in favor of those guilty of disloyal sentiments when compared with the less generous treatment of those who bravely shared their country's danger and freely offered themselves for the great sacrifice, for their country's honor and protection.

*Be it further Resolved*, That a copy of these resolutions be spread upon the journal and an engrossed copy be sent to the secretary of war.

No reports were submitted.

The House then passed to the second order of business, being resolutions and motions.

Mr. Fouts offered the following resolution:

**H. R. No. 53** — Mr. Fouts.

Relative to the unwarranted public charge made by the governor that his vigilance has prevented this General Assembly from enacting unpatriotic legislation.

WHEREAS, *The Ohio State Journal* on last Friday morning published a part of an address made in this city on the preceding day, by Governor James M. Cox, in which he undertook to discredit in the public mind, the work and services of the General Assembly and to impugn the motives of the members of this body in respect to certain proposed

legislation, and to cause it to be believed by the public that his superior diligence, as compared to that of the legislature, has been a safeguard and protection to the school children of the state against un-American and disloyal thought and sentiment being taught to them, which statements of the governor, so made and published three days ago are as follows:

"The statute with which Will Hays (National Republican Chairman) attempted in Indiana to placate the pro-German vote, was imported into Ohio and would have been enacted by the Republican legislature except for the vigilance of a Democratic governor."

AND WHEREAS, Said charges and imputations are unwarranted and without foundation in fact and contain an unjust reflection upon the integrity and character of this body, in dealing with these subjects of paramount importance to the entire state, and nation, viz.: The institutions of learning and the welfare of the children who attend them; therefore,

*Be it resolved*, That this House of Representatives does hereby resent said charges and claims on the part of the governor and by the adoption of this resolution brands said charges and claims as sinister in both purpose and effect and as groundless accusations against the integrity of this General Assembly.

*Be it further resolved*, That by way of fully and conclusively disproving the claim made by the governor as to "executive vigilance" having been a superior safeguard and protection to the schools, that there be incorporated herein and printed in the House journal as a part thereof the following statement of facts:

First: For two school years, a pro-German text-book entitled "Hier und Dort" has been in use in Ohio Schools. The text of this book is now admitted by the governor in his last special message to this House to be "not only treasonable," but that "it was deliberately made such" by German agencies; that during the time said treasonable text has been permitted to poison the minds of our youth during their impressionable years, no alarm was sounded by the governor, nor was any protest made by him against such teaching until the vigilance of this assembly resulted in a demand being made for a collection of facts as to existing conditions; that then for the first time the governor disclosed his knowledge of said pro-German book being used in our public schools; that in response to said demand of the House he then admitted the character of said book to be vicious, and in referring to it, the governor, in said special message made use of the following language:

"In the text-book quoted, 'Hier und Dort' used in Ohio schools, we find that Washington is discredited. When that period of American history is reached the text says that Washington lost the confidence of his countrymen, that the army knew no discipline, that it became disorganized, and that troops and officers were on the point of open mutiny, whereupon a German, Baron Steuben, appeared on the scene, saved the day and made America possible.

"It deals prejudicially with Lafayette, seeks to minimize the service he rendered to our cause, and makes invidious comparison between him and Steuben. You would expect that the

brief selection on Washington's burial place would be free from anything German, but the last paragraph compares the simplicity of Washington, of Washington's tomb with that of Frederick the Great. A poem, entitled 'From the Battlefield of Chancellorsville' is in the book, but we find that it was a German soldier who 'lies dying at Chancellorsville'. An article appears, called 'Christmas', but it deals with nothing of the sacred tradition of that holy season; it tells only about the German celebration of Christmas, and says that when we sit down on Christmas eve we should remember that the celebration of Christmas was a custom kept by the German forefathers, and that we should have no Christmas trees now if the Germans had not brought the custom with them. We run across a poem entitled 'To My Children'. It says:

'Care for the German language, stick to the German word, for the spirit of your fathers will continue to live in it, the spirit which has already given to the world so much of greatness, which has sunk into its heart so much of beauty. That which Lessing thought and which Goethe sang will always retain its good sound. When I think of Schiller my heart is warmed. My dear children, let this be our land, but let it be with the bond of speech united to Germany; preserve the inheritance of the homeland so that it shall be the possession of your great grandchildren.'

"Charlemagne is described as a real German. One story depicts the bad condition of Germany without an emperor and praises Rudolph von Hapsburg, the first of the Hapsburg line of emperors. Frederick the Great is described as the first European to conclude the first treaty of friendship with our young republic. France is forgotten. The final story of the book is called 'War,' and, in a sense, war is justified and is a necessary preliminary to an established world brotherhood."

*Second:* That the statutes of Ohio, which have been in force for many years provide that the Governor himself shall be a member of the state text-book commission which must pass upon and adopt for use, all text books which school boards are permitted to purchase or have used in any of the public schools, and without which action by said commission, authorizing the use thereof, no text book can be purchased by any board of education, or be lawfully sold to such board, or be used in the schools in the district over which the board has jurisdiction. The entire membership of said commission consisting of the governor, the secretary of state and the state superintendent of public instruction. This commission is clothed with ample authority over the adoption of school books and is by law afforded an opportunity to examine and inspect every book proposed to be offered for sale to, or to be adopted by, any board of education in the state, and it is made the duty of said commission to so examine and inspect all such text books and to fix the price at which they may be sold.

*Third:* That the question of adopting said pro-German text book "Hier und Dort" for use in Ohio was before said text book commission in June, 1917, and was considered by said commission at that time:

said book being listed among others and as number seventy on the submitted list; the price for which said book was to be sold to pupils and boards of education being forty-five cents each; that the official minutes of the meeting of said commission having before it the question of adopting said text book, appear upon the records in the following words and figures:

June 28, 1917.

The State Text Book Commission of Ohio met in the office of the Governor at 11:00 a. m. today.

On motion of Mr. Pearson, supported by Mr. Fulton, Gov. James M. Cox was elected chairman of the meeting.

On motion of Mr. Pearson, supported by Mr. Fulton, the books listed since Jan. 1, 1917, on file in the office of the superintendent of public instruction, were formally adopted — 1 to 507 inclusive.

On motion of Mr. Pearson, supported by Mr. Fulton, the meeting adjourned.

F. B. PEARSON,  
Secretary."

*Be it therefore, further resolved,* That this House condemns the action participated in by the governor, in his own office and at a meeting of which he was the chairman, in the adoption of said pro-German book filled with treasonable teaching, and disparaging American institutions, praising the kaiser and discounting Washington and Lafayette; that said action is to be especially condemned in view of the fact that it was taken at a time when the United States was at war with Germany; when German intrigue and deception were being emphasized as never before and when every loyal American agency was aroused to a sense of the highest duty to observe caution.

That injury has resulted from the act no one will deny. A small part of the vigilance of which the governor now boasts, would have prevented the injury.

We, therefore, hereby give expression to the irresistible conclusion that in the matter of the use of pro-German text books in Ohio schools "executive vigilance" either did not convene until this legislature had been in session a month and a half, or having convened, it was thereafter adjourned during the period of the war.

The resolution was laid over under the rule.

Mr. Jones, of Hamilton, moved that **S. B. No. 53** — Mr. Davis, be referred to the committee on Public Utilities.

The motion was agreed to and the bill so referred.

The speaker handed down the following message from the governor:

To the General Assembly:

House Bill No. 206 — Mr. Banker, affects the salaries of court constables.

Through an error, a change, unintentional on the part of the General Assembly, has been made in the part of the law which was not sought to be amended.

In order that this may be corrected I am returning the bill with my disapproval to the house in which it originated.

JAMES M. COX,  
Governor.

On motion of Mr. Beetham consideration of said message was deferred.

The speaker handed down the following message from the governor:

To the General Assembly:

The object of House Bill No. 295 — Mr. Fouts, is in brief the enlargement of the powers of guardians so as to enable them, with the approval of the Probate Court, to adjust claims for personal injury which inure in favor of their minor wards.

This enlargement of power is sought by an amendment to section 10933 of the General Code which was amended two years ago. In the transcription of the present measure the former amendment has been omitted unintentionally.

It is my belief that the amendment of 1917 was a meritorious one and should not be lightly dropped, especially as it involves titles to real estate. For this reason and without prejudice to the amendment now proposed, I am returning the bill disapproved to the house in which it originated.

JAMES M. COX,  
Governor.

On motion of Mr. Beetham further action on said message was deferred.
